TAX
HELP
ASSOCIATES

**"Representing clients before the
IRS and State taxing Authorities"**

When individuals or businesses find themselves facing tax-related enforcement action by the IRS and State taxing authorities their first reaction may be to panic. They may feel pressured into compliance and unwisely enter into unrealistic repayment agreements which may unfortunately result in default.

Some may consider the financially devastating alternative of filing bankruptcy or worse, they may ignore the problem, hoping it will simply “go away”.

We'd like to offer you another option...

We know, from the inside out, exactly what you're up against. We have a staff of financial professionals including former IRS agents with more than 100 years professional IRS experience. Tax Help Associates represents individuals and businesses before the IRS and State taxing authorities. We'll put our Professional Edge to work for you to help resolve your tax problems and put you (not the IRS) in control of your financial future.

We utilize our Professional Edge to prepare a detailed comprehensive financial analysis and evaluate your personal and/or business tax situation to determine precisely:

Where you are with regard to your tax liability
Where you want to be
How to most effectively and expeditiously get you there

We develop effective, realistic tax resolution strategies and intervene on your behalf with the taxing authorities. Because what we develop is an effective plan and not simply a stop-gap measure, we help you avoid default and the adverse consequences of IRS-imposed levies and the seizure and sale of your assets.

We've assisted our clients with everything from structuring IRS and State repayment agreements to the total relief of taxes owed, with refunds issued.

Renegotiate a more realistic settlement arrangement, even if you have signed a repayment agreement

Determine your qualification for submitting an IRS or State Offer in Compromise

Secure the discharge of all liens, when applicable

Prepare delinquent tax returns

If you believe you can accomplish all of this on your own, we wish you well. Should you choose not to “go it alone” we'll be with you every step of the way.
